DEPARTMENT OF COMPUTER ENGINEERING & DEPARTMENT OF INFORMATION TECHNOLOGY

St. John College of Engineering and Management (SJCEM), Palghar organized its first **3-day industrial visit** after the pandemic for **B.E. (Computer Engineering)** and **T.E. (Information Technology)** students from **March 31, 2022 to April 02, 2022**. The companies visited were **SPCL Infotech Services Pvt. Ltd.** and **Arena Animations**, which are situated in **Pune, Maharashtra**. A total of **54 B.E. (Computer Engineering)** students and **29 T.E. (Information Technology)** students were a part of the industrial visit. **Mr. Vivian Lobo and Mrs. Vidya Kawtikwar from Computer Engineering** and **Ms. Shraddha More from Information Technology** were the faculty co-ordinators who accompanied 83 students.

Industrial Visit Outcomes:

- To provide an exposure to students about practical working environment in software industries and animation/gaming industry.
- To fulfil the gap between theoretical and practical learning in a real-life environment.
- To provide opportunities for interactive learning in-class as well as outside the classroom surroundings.
- To enhance professional skills.
- To widen students' viewpoint with experience to different workforces from different industries.

1) SPCL Infotech Services Pvt. Ltd. is a software company that provides software development, software testing, ERP system application, graphics designing, big data analytics, artificial intelligence and many more. SPCL expertise in e-commerce solutions, web development, CISCO networking, and provides domain and hosting.

2) Arena Animation, Tilak Road Pune is the animation, web designing, VFX, and multimedia education arm of Aptech Ltd. Over the past 25 years, Arena Animation Tilak Road Pune has successfully trained more than 400,000 students through its career-oriented courses. Today, TV channels bring awesome animation into our homes, and the film industry is bringing out fantastic films every week. According to a report by Research & Markets, the estimated size of the Indian animation industry is US \$247 million and growing 15% to 20% per year. At the same time, the market outside India is much bigger, and Indian companies work on international animation projects as well. Such a huge and growing industry requires thousands of skilled, trained people to work in animation studios, ad film & VFX companies, video processing & editing studios, amongst others. To prepare individuals for a well-paying career in this field, Arena Institute provides world-class education through a wide network of centres in 20 countries. Arena Animation offers a variety of animation, filmmaking, VFX, gaming, multimedia & web designing courses that make an individual job-ready in a few months.
